AM

Good morning,

To the best of my knowledge many people in Monsey are being hit with the Flu.

To the best of my understanding the Omicron variant and the flu share the same symptoms.

Also to the best of my knowledge all schools, shuls and stores in Monsey are functioning normally.

As well, people who have had covid and / or have been triple vaccinated etc are also getting sick with Omicron & the Flu.

THEREFORE, I ask everyone to remain vigilant! If you do not feel well or have been exposed YOU MUST consult with your health care provider before coming to shul!

AS ALWAYS. entering the shul building is AT YOUR OWN RISK! The shul takes no responsibility or liability for anyone getting sick.

Stay Safe

Yaakov Grunstein,
President
